EBA **1624**

max. **21** sheets

← **24 cm** →

Convenient and powerful deskside document shredder. With SSC – smart shred control – for shredding without paper jams.

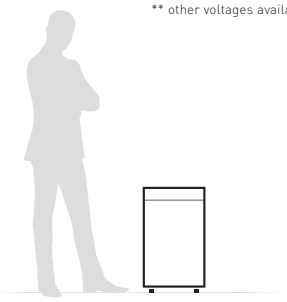
Level P-2	4 mm strip cut
Sheet capacity*:	19-21 I 16-18
Level P-4	4 x 40 mm particle cut
Sheet capacity*:	13-15 I 11-13
Level P-5	2 x 15 mm particle cut
Sheet capacity*:	10-12 I 8-10
Level P-6	0.8 x 12 mm micro cut
Sheet capacity*:	4-6 I 3-5
Level P-7	0.8 x 5 mm super micro cut
Sheet capacity*:	4-5 I 3-4

* A4 paper 70 g/m² I 80 g/m²

Technical specifications

Volume	50 litres (cabinet)
	35 litres (shred bin)
Power	230 V / 50 Hz**
Motor capacity	390 Watt single phase motor

** other voltages available



Dimensions	635 x 395 x 291 mm (H x W x D)
Weight	21 kg

Product characteristics

SPS – (Safety Protection System) package: patented, electronically controlled, transparent safety flap in the feed opening as additional safety element; EASY-SWITCH – intelligent control element indicating the operational status of the shredder with varying colour codes and back-lit symbols; automatic reverse and power cut-off (avoids paper jams); automatic stop if the shred bin is full; electronic door protection via a magnetic proximity switch; double motor protection against over-heating; ZERO ENERGY standby mode: Complete, automatic disconnection from power supply after 15 minutes. Photo cell controlled automatic start and stop. With SSC – smart shred control: a smiley on the EASY-SWITCH element indicates the used sheet capacity during shredding process to avoid paper jams. High-quality, paper clip proof cutting shafts from special hardened steel with lifetime guarantee (not applicable for models with 0.8 x 12 mm micro cut or 0.8 x 5 mm super micro cut). Quiet, powerful and energy-efficient single phase motor. Fully closed gear box housing and durable gears. High-quality wooden cabinet, mobile on castors. Convenient environmentally-friendly shred bin (no disposable shred bags required).

EBA **1624**

Features

SOLID STEEL CUTTING SHAFTS

Robust and durable: high-quality paper clip proof cutting shafts with lifetime guarantee under conditions of fair wear and tear (except fine cut models MC and SMC).

EASY-SWITCH

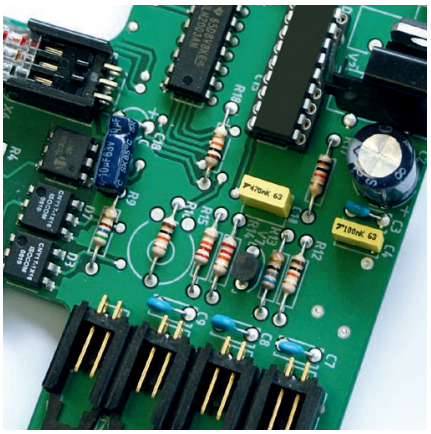
Ease of operation: intelligent multifunction switch element with integrated optical signals indicating the operational status. Additional "emergency switch" function.

PATENTED SAFETY FLAP

Extremely safe: electronically controlled safety flap in the feed opening to keep fingers, ties or other objects away from the cutting shafts.

CONVENIENT SHRED BIN

The environmentally-friendly shred bin can be removed easily and cleanly from the cabinet. The bin can be used with or without disposible shred bag.



AUTOMATIC FUNCTIONS

Tried and tested: Reliable printed circuit board controlling all automatic functions of the shredder including the energy saving mode.

SSC - SMART SHRED CONTROL

That's fun – shredding without paper jams! The smiley has a capacity control function: If it shines green, everything is ok. If the smiley flashes, the shredder has reached its capacity limit.
